

## Nomination for Search Committee

We are excited to be forming our search committee. The Search Committee is appointed by the Vestry and we are asking for nominations from the congregation. We need people who can work collaboratively, meet others well, communicate clearly, and follow through with tasks. We are looking for a well-rounded search committee where a variety of viewpoints will be represented. We are looking for people held in high regard, balancing newer/long-time members, younger/older members so that we have a diversity of people. Staff, clergy and current wardens may not serve on the Search Committee.

The Search Committee will be working with the Rev. Canon Ellen Ekevag and the Rev. Susie Shaefer throughout the process. The Search Committee is responsible for conducting our self assessment, preparing written materials, interviewing candidates and discerning one candidate to be our next priest. This process typically takes 12-18 months and sometimes longer. Searching for our next priest is a deeply prayerful and important process.
